

## Alliance4Safety Recalls New Age Furniture Tip-over Restraint Kits Due to Tip-over and Entrapment Hazards to Children

**Recall Date:** 11 Jan 2024

**Description:** Alliance4Safety is recalling New Age Industries (“New Age”) plastic furniture tip-over restraint kits that were sold and distributed with clothing storage units by various furniture companies. Recalled tip-over restraint kit includes a plastic zip-tie, two brackets, and two screws as pictured below:

**“Recalled Tip-over Restraint Kit”**

**Hazard:** The plastic zip tie used with the recalled furniture tip kits can become brittle or break, which can allow a clothing storage unit that is anchored to the wall to detach during a furniture tip-over event, posing a tip-over and entrapment hazard that can result in death or serious injuries to children.

**Remedy:** Replace. Consumers should immediately check if their clothing storage unit has a date of manufacture sticker or stamp of November 2019 or later. If so, and if the tip kit is made of plastic, consumers should contact Alliance4Safety for a free replacement tip kit. Keep children away from the unit while waiting for a replacement tip kit.

**Incidents/Injuries:** Furniture companies have received two reports of the New Age tip kits breaking. No injuries have been reported.

**Sold at:** The Exchange and other retailers from November 2019 through present.

The following furniture companies could have sold furniture to the Exchange customers that could include the recalled tip-over restraint kits: Amini Innovation Corporation, Ashley Furniture Industries, LLC, Aspenhome, Drew and Jonathan by Hooker Furnishings, Furniture Values International, LLC, Homelegance USA, LLC, Hooker Furnishings, Progressive Furniture, Pulaski Furniture, and Samuel Lawrence.
