Brick 10004128:

Musical Instrument Accessories Other

Definition

Includes any products that can be described/observed as musical instrument accessories, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Musical Instruments Accessories products.

Brick 10004127:

Musical Instrument Accessories Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct musical instrument accessories products sold together, which exist within the schema but belong to different bricks, that is, two or more products contained within the same pack, which cross bricks within the Musical Instrument Accessories class.

Includes products such as a Guitar Case and Guitar Stand sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as a Guitar and Guitar Case variety pack.

Brick 10004121:

Musical Instrument Cases/Bags/Covers

Definition

Includes any products that can be described/observed as a case, bag or cover specifically designed for a particular musical instrument and sold separately from the musical instrument.

Includes products such as a guitar case or keyboard cover.

Excludes musical instruments sold complete with a case, bag or cover and all general purpose bags and covers.

Type of Musical Instrument Case/Bag/Cover (20002071)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of musical instrument case, bag or cover.

Attribute Values

BASS BAG (30011197)	FRENCH HORN CASE (30011181)	OBOE CASE (30011196)	TRUMPET/CORNET CASE (30011179)
