How to Create Smartsheet Single Items

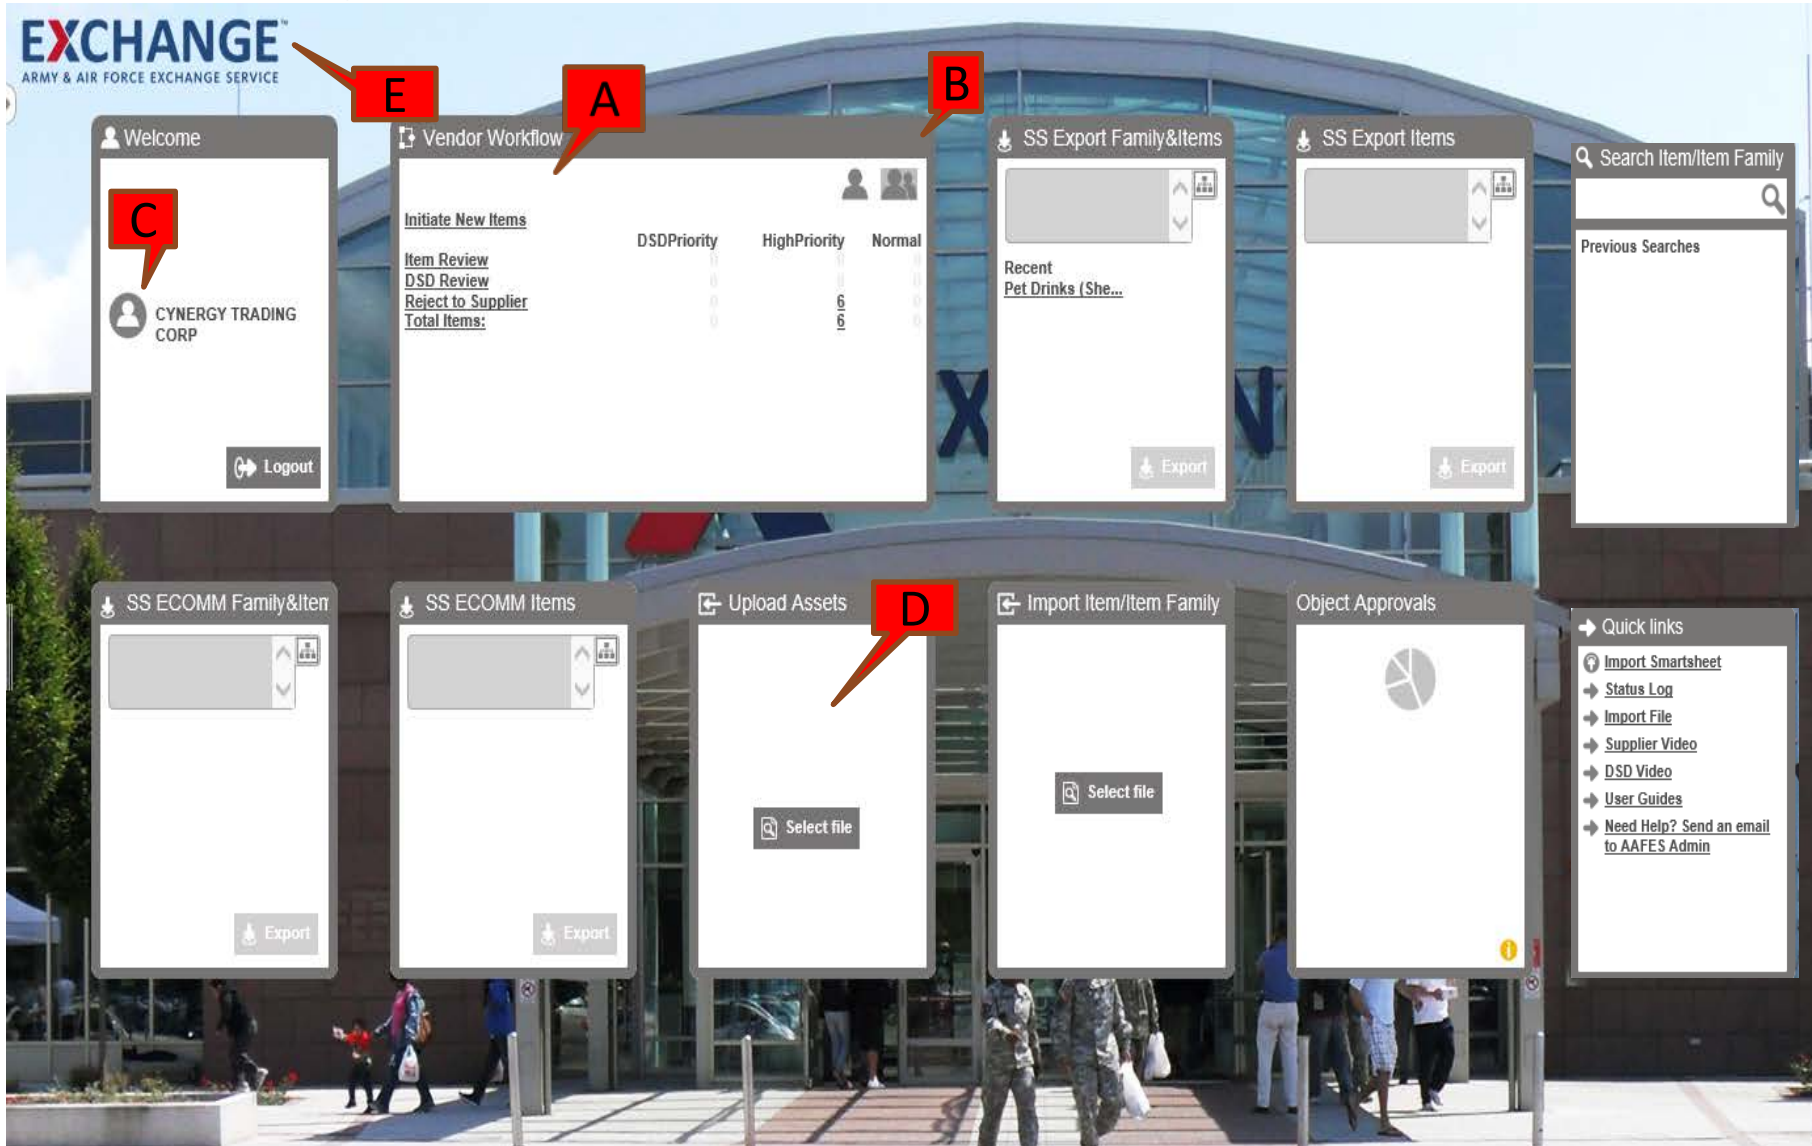

- › **Supplier Login Page:** <https://pim.aafes.com/webui/SupplierWebUI>
 - › Password will expire after 90 days, please change within the 90 days

- › Smartsheet (SS Export Item) is for data that is for single items not for online
 - › If On-line use the SS ECOMM Item smartsheet
- › ***“Name”*** is the name of the item and VPN - Style number
 - › (Ex: **Grandfather Clock 12345**)
- › All columns in light Blue are mandatory
- › **GTIN Type/GTIN** – is the UPC number and are mandatory
- › **Buyer Name** is mandatory even though it is not highlighted
- › **Color name** – First letter must be capitalized Example (Red) or if it is two colors (Red/White)
- › **Ship Point** - is your 8 digit vendor code the item is under (primary 8 digit code)
- › **Additional Ship Point** can be added in the QE_ShipPoint column, if more than one, enter number then comma and no spaces then add the next number.
 - › If you mark on-line as yes, then more information is required before you can send.
- › Use SS ECOMM item for **on-line** or if it is both on-line and store.
 - A. **Asset Location** – Image Location of the item
 - B. **Advertised Origin** – 3 options – 1. Imported 2. Made in US or 3. Made in US with imported material
- › Product Description - is first set of measurement of the boxed item
- › Category Specific - is second set of measurement is for the Actual item

- A. Homepage consist of the Vendor Workflow widget**
- B. The single person icon  allows you to see items assigned to you and the multiple person  icon allows you to see items assigned to you and any group you are a member of.**
- C. Welcome Widget displays your username**
 - A. This is were the supplier user can change their password by clicking on the 
 - B. Password will expire after 90 days, make sure you change before 90 days ends.
- D. Upload Assets such as Image thumbnails and product information sheets – up to 4 mg**
- E. Clicking on the Exchange logo  will bring you back to the homepage**

> Home Page:

The screenshot displays the EXCHANGE Home Page interface, which includes the following components and callouts:

- Callout E:** Points to the EXCHANGE logo and the text "ARMY & AIR FORCE EXCHANGE SERVICE".
- Callout C:** Points to the user profile section in the "Welcome" widget, showing the name "CYNERGY TRADING CORP" and a "Logout" button.
- Callout A:** Points to the "Vendor Workflow" widget, which contains a table with columns for "DSDPriority", "HighPriority", and "Normal".
- Callout B:** Points to the "SS Export Family&Items" and "SS Export Items" widgets, which feature a search bar and an "Export" button.
- Callout D:** Points to the "Upload Assets" widget, which includes a "Select file" button.
- Other Widgets:** "SS ECOMM Family&Items", "SS ECOMM Items", "Import Item/Item Family", "Object Approvals", "Search Item/Item Family", and "Quick links".

Vendor Item Enrichment Spreadsheet

User Name:	CYNERGY TRADING CORP
Vendor Name:	CYNERGY TRADING CORP
Download Date:	8/31/17 2:52 PM

This spreadsheet contains one or more sheets with item data that can be altered, validated and subsequently uploaded to the Web UI. Also, you can add new Items to the sheets. It is strongly recommended to validate the data (by clicking the Validate button) before upload to the Web UI.

The functionality of this workbook may be reduced if Macros are disabled. To enable Macros you will need to select Enable Macros in the the security dialog that appears when opening the spreadsheet. Please be advised this workbook contains no harmful macros

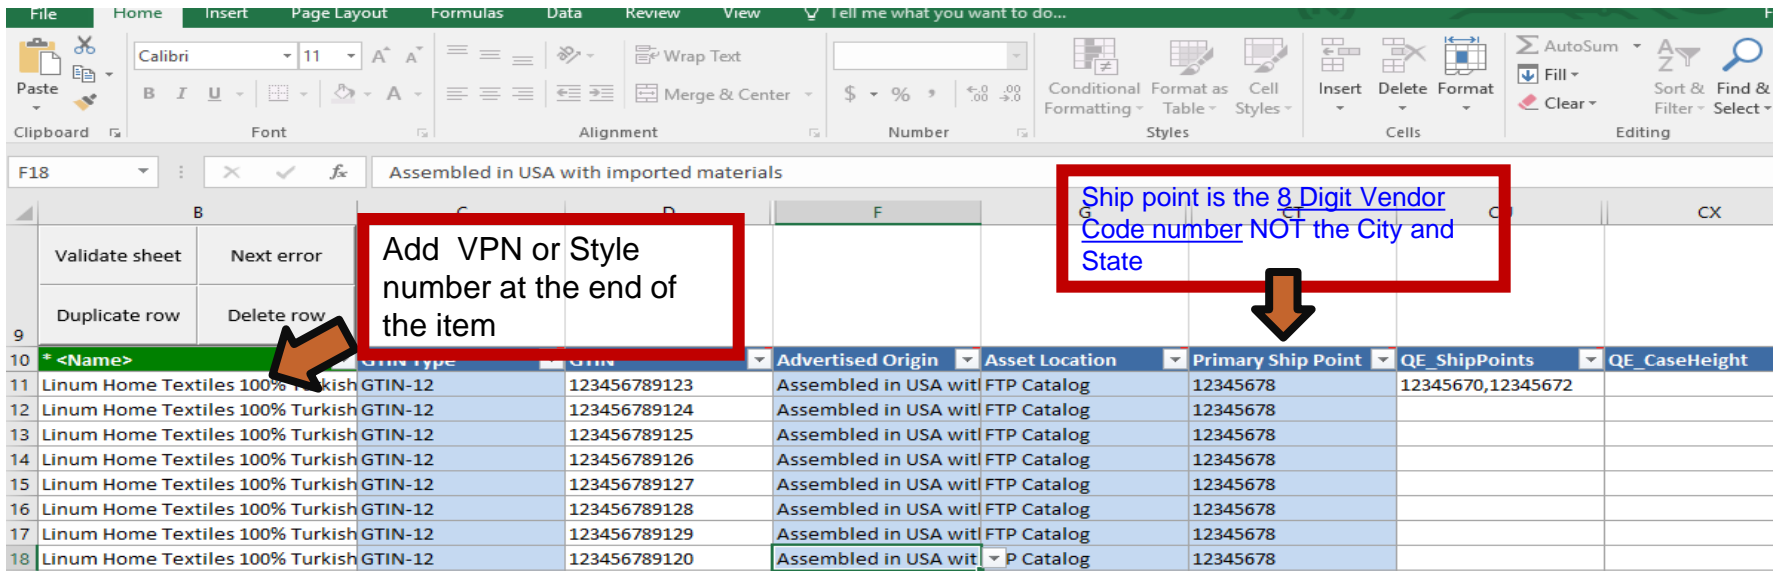

Color Codes:

- Blue = Mandatory. Information must be added.
- Yellow = Read Only. Information can not be altered.
- Yellow with grey text = Conditionally Read Only. Information can not be altered.
- Red = The cell holds data that failed the validation.

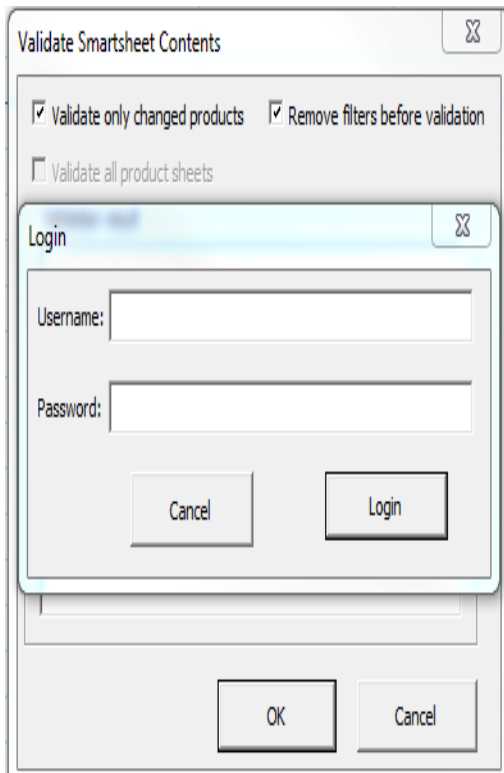

Smartsheet Single Item Add

- › Item name should be unique that you will be able to search within PIM webui - name of the item with the VPN(Style) number at the end.
 - › Example: **Linum Home Textiles Turkish 12345LHT**
- › Online should be no, if online then use SS ECOMM item smartsheet
- › Columns in blue are Mandatory to move to the next workflow .
- › **Color name** Start with a **Capital** letter Ex: (Red) or if two colors (Red/White)
- › **Ship Point** is the Primary 8 digit vendor code, more than one enter in the QE column, multiple ship points enter the number and comma (**no space**) see below example
- › **GTIN Type and GTIN (UPC)** number are mandatory
- › **Country Code** is where we take ownership of the item, not were it is made
- › Once complete Click Validate Sheet, make sure you are logged into PIM when you validate sheet

<Name>	GTIN Type	GTIN	Advertised Origin	Asset Location	Primary Ship Point	QE_ShipPoints	QE_CaseHeight
