Brick 10000772:
Aromatherapy Cushions

Definition

Includes any products that can be described/observed, as a bag made of cloth, plastic or leather which is filled with soft material and which contains aromatherapy oils intended to soothe and relax.

Excludes products such as Base/Carrier Oils, Essential Oils, all Massage Oils/Lotions and any other cushions that do not provide a specific aromatherapeutic and/or health benefit.

Brick 10000779:
Aromatherapy Other

Definition

Includes any products that can be described/observed as Aromatherapy products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Body Massage and Toning products and Fragrances.

Brick 10000774:

Aromatherapy Variety Packs

Definition

Includes any products than can be described/observed as two or more distinct Aromatherapy products sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Aromatherapy class.

Includes products such as Lavender Pure Essential Oil and Ceramic Oil Diffusers sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Lavender Pure Essential Oil and Skin Drying Powder variety packs.

Brick 10000773: Base/Carrier Oils

Definition

Includes any products that can be described/observed as pure non-volatile oils used mainly to dilute essential oils for massage.

Products such as essential oils are often too strong/concentrated to be used directly on the skin, and therefore base carrier oils are used.

Includes products such as grey jojoba, carrier oil, and grape seed oil.

Excludes products such as Essential Oils, all Massage Oils/Lotions and Oil Diffusers.

Brick 1000771:

Essential Oils

Definition

Includes any products that can be described/observed as oils which are taken from a plant, and which can be used in a number of ways such as massaging, bathing or in vaporisers.

Includes products such as lavender pure essential oil, eucalyptus natural essential oil, yarrow pure natural essential oil.

Specifically excludes products such as Homoeopathic/Homeopathic Remedies containing individual or combination ingredients, and Homeopathic Flower Remedies.

Excludes products such as Oil Diffusers which essential oils are designed to work in conjunction with, Base/Carrier Oils, Burners used to burn essential oils, all Massage Oils/Lotions, Homoeopathic/Homeopathic Remedies containing individual or combination ingredients, and Homeopathic Flower Remedies.

Brick 10000769: Oil Diffusers (Non Powered)

Definition

Includes any products that can be described/observed as a non-powered diffuser that disperses essential oils into the atmosphere to promote and encourage relaxation.

Includes products such as ceramic oil diffusers and metal oil diffusers.

Specifically *excludes all powered oil diffusers.*

Excludes products such as Powered Oil Diffusers and the Essential Oils used in conjunction with Oil Diffusers.

Brick 10000770:
Oil Diffusers (Powered)

Definition

Includes any products that can be described/observed as a powered diffuser that disperses essential oils into the atmosphere to promote and encourage relaxation.

Products may have additional features such as timers to regulate the amount of essential oil that is being diffused.

Specifically *excludes all non-powered oil diffusers.*

Excludes products such as non-powered Oil Diffusers and the Essential Oils used in conjunction with oil diffusers.

Brick 10000762:

Breast/Hip Enhancer Pads

Definition

Includes any products that can be described/observed as a cosmetic item specifically designed to enhance the shape or size of the breast and hips. These products are intended to be worn under clothing.

Includes products made from various materials such as gel, silicone, saline or fabric.

Excludes products such as Body Cosmetics, Breast Pads used by nursing mothers and Underwear products that contain fixed padding.

Brick 10000377: Cosmetic Aids/Accessories

Definition

Includes any products that can be described/observed as an accessory or tool specifically designed for the application, removal, storage or maintenance of cosmetics.

Includes products specifically for cosmetic use such as brushes, eyelash curlers, eyebrow combs, sponges, mirrors, cosmetic bags and boxes, and pencil sharpeners.

Excludes products such as Cosmetics, Cosmetic Balls/Buds/Pads, Hair Grooming Brushes and Combs and Nail Aids and Accessories.

Type of Cosmetic Aids/Accessories (20000371)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of cosmetic aid or accessory.

Hair Care Products – Replacement Parts

Definition

Includes any products that can be described/observed as replacement parts for Hair Care Products.

Includes products such as trimmer blades and combs.

Excludes products such as Hair Curlers, all other Hair Care Products currently catered for within the Hair Care Products class, as well as Hair Removal Products such as Shaving Razors.

Brick 10000834:
Hair Care Products Other

Definition

Includes any products that can be described/observed as Hair Care products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Hair Care products.

Brick 10000677:

Hair Care Products Variety Packs

Definition

Includes any products than can be described/observed as two or more distinct Hair Care Products sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Hair Care Products class.

Includes products such as Shampoo and Conditioners sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Shampoo and Shower Gel variety packs.

Brick 10000829: Hair Curlers/Rollers

Definition

Includes any products that can be described/observed as a non-powered device intended to create curls or waves in the hair. These are designed to be fastened or entwined into the hair and left to create a curled or waved effect to the hair.

Specifically *excludes all Hair Curlers/Rollers that require a power source.*

Excludes products such as Brushes, Combs that are also designed to curl, wave or create a particular hairstyle and all products which can be described/observed as Permanent Wave Products.

Consumer Lifestage (2000045)

Skin Drying Powder

Definition

Includes any products that can be described/observed as a fine powder, which is specifically designed to condition the skin and is typically applied after bathing to absorb moisture and prevent friction.

Products may claim formulations such as with antiseptic or medicated properties.

Excludes products such as Deodorising Powder, Specific and General Moisturising/Toning Products and Powder specifically designed to treat medical condition such as Athletes Foot.

Consumer Lifestage (2000045)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the period or stage in the consumer's life during which the product is considered to be suitable.

Attribute Values

ADULT (30000147)	BABY/INFANT (30006665)	CHILD 2 YEARS ONWARDS (30006667)	UNCLASSIFIED (30002515)
ALL AGES (30000164)	CHILD 1-2 YEARS (30006666)		UNIDENTIFIED (30002518)

If Hypoallergenic (20000710)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product is designed to reduce or minimize the possibility of an allergic response, as by containing relatively few or no potentially irritating substances.

Attribute Values

NO (30002960)	UNIDENTIFIED (30002518)	YES (30002654)
---------------	-------------------------	----------------

If Medicated (20000336)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product has been impregnated with some type of medicine.

Brick 10000484: Toners/Astringents

Definition

Includes any products that can be described/observed as a preparation, which is applied or sprayed onto the face and is specifically designed to restore firmness to the skin by tightening the pores and cleansing the skin.

Products may claim to have skin formulations such as anti-bacterial, alcohol-free, moisturising and sun protection.

Excludes products such as Skin Freshener Pads, Facial Moisturisers, Facial Misters/Coolers, Facial Cleansers, and Make-Up Removers.

If Alcohol Free (20000327)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product contains alcohol.

Attribute Values

NO (30002960) UNIDENTIFIED (30002518) YES (30002654)

If Hypoallergenic (20000710)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product is designed to reduce or minimize the possibility of an allergic response, as by containing relatively few or no potentially irritating substances.

Attribute Values

NO (30002960) UNIDENTIFIED (30002518) YES (30002654)

Type of Toners/Astringents (20000397)

Brick 10000717:

Skin Products Variety Packs

Definition

Includes any products than can be described/observed as two or more distinct Skin Products sold together which exist within the schema but belong to different classes, that is two or more products contained within the same pack which cross classes within the Skin Products Family.

Includes products such as Sun Creams with After Sun Moisturisers variety packs.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Body Buffer Mitts and Shower Gel variety packs and Body Moisturisers and Perfume variety packs.

Brick 10000811: Skin Tanning Products – Replacement Parts

Definition

Includes any products that can be described/observed as replacement parts for Skin Tanning Products.

Excludes products such as sun tanning bed mattresses, all other Skin Tanning Products currently catered for within the Skin Tanning Products class, as well as all replacement parts within the Skin Care class.

Brick 10000814:

Skin Tanning Products Other

Definition

Includes any products that can be described/observed as Skin Tanning products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all products currently classified as Cosmetics products such as complexion foundation products and tinted moisturisers.

Brick 10000723: Skin Tanning Products Variety Packs

Definition

Includes any products than can be described/observed as two or more distinct Skin Tanning Products sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Skin Tanning Products class.

Includes products such as Sun Creams and Topical Sunless Tanning Lotions sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Sun Tanning Lotion and After Sun Moisturiser variety packs.

Brick 10000373: Sun Protection Products

Definition

Includes any products that can be described/observed as a preparation specifically designed for sun protection or use in conjunction with the sun and typically intended to be applied/sprayed directly onto the skin prior to sun exposure.

Products may claim formulations with moisturising or other additional properties.

Excludes products such as Aftersun Products, Oral Tan Accelerators and Sunless Tanning Products.

Consumer Lifestage (20000045)

Brick 10000731: Sunless Tanning – Oral (Non Powered)

Definition

Includes any products that can be described/observed as a non-powered oral preparation specifically designed for artificial skin tanning, and typically intended to create a tanned appearance without the need for exposure to the sun.

Includes oral products which act by stimulating the production of melanin in the skin which turns the skin to a darker colour.

Specifically excludes all topical (products which are applied to the skin) sunless tanning products, all powered devices used for artificial skin tanning such as sun beds and sun lamps, and all body cosmetics such as bronzers which are applied to the surface of the skin to provide the illusion of a suntan.

Excludes products such as Topical Sunless Tanning products, powered devices for Sunless Skin Tanning, Body Cosmetics such as Bronzers and Face Cosmetics such as Tinted Foundations, Powders and Moisturisers.

Formation (20000352)

Attribute Definition

Brick 10000355: Sunless Tanning – Topical (Non Powered)

Definition

Includes any products that can be described/observed as a non-powered topical preparation or device specifically designed for artificial skin tanning, and typically intended to create a tanned appearance without the need for exposure to the sun.

Includes topical application products (such as creams or lotions) which "dye" the skin. These products often contain the active ingredient dihydroxyacetone (DHA), which reacts with skin's proteins (amino acids) in the outer layers of the skin to produce a browning effect.

Specifically excludes all oral sunless tanning products, all powered devices used for artificial skin tanning such as sun beds and sun lamps, and all body cosmetics such as bronzers which are applied to the surface of the skin to provide the illusion of a suntan.

Excludes products such as Oral Sunless Tanning products, powered devices for Sunless Skin Tanning, Body Cosmetics such as Bronzers and Face Cosmetics such as Tinted Foundations, Powders and Moisturisers.

Dispenser Type (20000312)
