Brick 10000591: Alcoholic Beverages Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Alcoholic Beverages sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Alcoholic Beverages class.

Includes products such as Still and Sparkling Wine sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Wine and Chocolate variety packs.

Brick 10000589: Alcoholic Cordials/Syrups

Definition

Includes any products than can be described/observed as an alcoholic liquid distilled from herbs, spices and fruits. These products contain less than 100 grams of sugar per litre. Their most common use is to add colour and/or flavour to cocktails and other long drinks.

Includes products such as alcoholic Grenadine.

Specifically *excludes Spirits such as Brandy and Vodka, that typically have an alcohol content of around 35–40%.*

Excludes products such as Liqueurs and Spirits and Non Alcoholic Cordials and Syrups.

Level of Alcohol Claim (20000122)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging the descriptive term that is used by the product manufacturer to identify the level of alcohol that is contained within the product.

Attribute Values

LOW ALCOHOL (30001469)

STANDARD (30006814)

UNCLASSIFIED (30002515)

Apple/Pear Alcoholic Beverage – Still

Definition

Includes any products that can be described/observed as a beverage that is produced by fermenting the pulp of apples or the juice of pears, with or without the addition of water and/or sugar. These products are also called Cider (Apple) or Perry (Pear). They may be sweet or dry, cloudy or clear. Includes Apple and Pear Wines.

Excludes products such as Beers and Non Fermented Apple/Pear Drinks and Juices.

Cider/Perry (20000036)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the manufacturer to identify whether the product is a cider or a Perry.

Brick 10000159:

Beer

Definition

Includes any products that can be described/observed as a beer made by the fermentation of cereals, usually barley or hops but also maize, wheat, rice and sorghum, by the addition of yeast and water.

These products are differentiated by various brewing techniques and include products described as lager, bitter, ale, stout, lambic and specialty beers.

Includes beer mixed drinks.

Excludes products such as Soft drinks that may be labelled as beer, such as Ginger Beer/Ale and Root Beer.

If Flavoured or Mixed with Juices, Soft Drinks or Other Ingredients (20002868)

Liqueurs

Definition

Includes any products that can be described/observed as a strong often sweet, spirit based alcoholic beverage, which is infused with herb, fruit or nut extracts. Liqueurs are not aged for any great period of time, may use syrups, honey or cane sugar as sweeteners and may be blended with cream.

Includes products which are based on various spirits such as Cognac, Brandy, Whisky, Rum and other finished spirits.

Excludes products such as Spirits or Wine based alcoholic pre-mixed drinks.

Added Flavouring (20000242)

Wine – Fortified

Definition

Includes any products that can be described/observed as an alcoholic beverage made by the fermentation of the juice of the grape which then has the fermentation arrested by the addition of a spirit. These wines can be made in any region or country and may have a particular style of production.

Includes fortified sweet wines such as Port, Madeira, Marsala and Vermouth.

Excludes products such as Pineau, Pommeau and Unfortified Wines and Spirits.

If Vintage (20000233)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the manufacturer to identify whether the product makes claim to being 'vintage'.

Attribute Values

NO (30002960)

UNIDENTIFIED (30002518)

YES (30002654)

Origin of Wine – Fortified (20000705)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the manufacturer of fortified wine to identify the specific country in which the product has been produced.

Brick 10000623: Beverages Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Beverages sold together which exist within the schema but belong to different classes, that is two or more products contained within the same pack which cross classes within the Beverages Family.

Includes products such as Gin with Tonic Water variety packs.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Still and Sparkling Wine variety packs and Wine and Chocolate variety packs.

Brick 10000111:

Coffee – Beans/Ground

Definition

Includes any products that can be described/observed as a whole/ground bean of coffee. Whole beans must be ground by the user prior to consumption and can be used pure or blended with different coffee bean types, whereas ground coffee is prepared for consumption by the addition of water and/or milk.

Includes all varieties of coffee beans such as arabica and robusta, and those from various countries such as Columbia, Ethiopia and Costa Rica

Excludes products such as Coffee Beans that are consumed as confectionery and Instant Coffee. Also excludes Coffee Substitutes.

Botanical Variety (20000750)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the particular botanical variety of coffee or coffee substitute.

Attribute Values
