

Brick 10000155: Baking/Cooking Mixes (Frozen)

Definition

Includes any products that can be described/observed as a quantity of frozen, pre-mixed dough, batter or powder that is specifically intended to produce bread, cakes, biscuits, desserts, or other products. Products may be ready to use (where no additional ingredients need to be added to the mix prior to use) or require the addition of wet ingredients such as water, milk, oil, fat or egg.

These products must be frozen to extend their consumable life.

Excludes products such as Perishable or Shelf-Stable Baking Mixes, all Part Baked and Baked Products.

Diabetic Claim (20000056)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, whether the product makes a claim to be suitable for consumption by consumers who have diabetes.

Attribute Values
