

Brick 1000204: Fruit – Prepared/Processed (Frozen)

Definition

Includes any products that can be described/observed as any variety of fruit or combination of fruits, which may be whole or stoned, pitted, chopped, cored and/or peeled, and which have gone through further manufacturing processes, such as reformed, cooked or dried, however these products can also be coated, in sauce, stuffed or filled.

These products must be frozen to extend their consumable life.

Specifically *excludes tomatoes*.

Excludes products such as Unprepared and Unprocessed Fruit and Prepared and Processed Shelf Stable and Perishable Fruit.

Formation (2000352)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the state in which the product is sold.

Attribute Values

CHOPPED (30000653)	HOMOGENIZED (30001266)	SHREDDED (30002818)	WHOLE (30002772)

Brick 10000604: Fruit/Nuts/Seeds Combination Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Fruit, Nut and/or Seed Combination sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Fruit and Nuts and/or Seeds Combination class.

Includes products such as packets of dried fruit and unshelled nuts sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Dried Fruit and Yogurt variety packs.

Brick 10000207:

Fruit/Nuts/Seeds Mixes – Prepared/Processed (Shelf Stable)

Definition

Includes any products that can be described/observed as any variety of fruit mixed either with nuts or seeds or both, that have gone through further manufacturing processes, such as reformed, cooked or dried, however these products can also be coated, in sauce, stuffed or filled.

These products have been treated or packaged in such a way as to extend their consumable life.

Excludes products such as Fruit, Nuts and Seeds sold separately, Unprepared and Unprocessed Fruit and Nuts and/or Seeds Mixes.

Formation (20000352)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the state in which the product is sold.

Definition

Includes any products that can be described/observed as two or more distinct Fruits, Vegetables, Nuts and Seeds sold together which exist within the schema but belong to different classes, that is two or more products contained within the same pack which cross classes within the Fruits, Vegetables, Nuts and Seeds Family.

Includes products such as Salad and Nuts variety packs.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Strawberries and Cream variety packs.

Brick 10000235: Nuts/Seeds – Prepared/Processed (Perishable)

Definition

Includes any products that can be described/observed as any variety of fresh nuts and seeds that has gone through further manufacturing processes, such as reformed or cooked, however these products can also be coated, in sauce, stuffed or filled..

These products can be/must be refrigerated to extend their consumable life.

Products include nuts and seeds sold on their own or a combination of both.

Excludes products such as Shelf Stable Nuts and Seeds, Unprepared and Unprocessed Nuts and Seeds, Fruit and Nuts and/or Seeds Mixes.

Formation (20000352)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the state in which the product is sold.
