

Brick 1000050: Extracts/Salt/Meat Tenderisers (Shelf Stable)

Definition

Includes any products that can be described/observed as a liquid, paste, powder, granules or solid made from evaporation or refinement of meat, vegetable, yeast or sodium chloride that is added to season and flavour food, and in specific cases to tenderise meat.

Products specifically include refined and unrefined Salt and Monosodium Glutamate, Bouillon, as well as a powdered form of Meat Tenderiser.

These products have been treated or packaged in such a way as to extend their consumable life.

Excludes products such as single or pure Perishable or Shelf Stable Herbs and Spices, Gravy Browning, Soup Mixes, and Flavour Shots and Packets for Non-Meat Food and Beverage products.

Formation (2000352)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the state in which the product is sold.

Brick 10006214: Extracts/Seasonings/Flavour Enhancers (Shelf Stable)

Definition

Includes any products that can be described/observed as a liquid, paste, powder, granules or solid made from evaporation that is added to season or flavour food or beverages. Products specifically include beverage flavour enhancers where the expected benefit is the ability to accurately represent a shot of flavour (such as French vanilla, chocolate, lime, orange, cherry, caramel, etc.) to be added to hot or cold beverages. These products have been treated or packaged in such a way as to extend their consumable life.

Excludes products such as single or pure Perishable or Shelf Stable Herbs and Spices, Gravy Browning, Soup Mixes, Powdered Beverages and Meat Tenderisers.

Formation (20000352)

Brick 10000615: Herbs/Spices/Extracts Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Herbs, Spices or Extracts sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Herbs, Spices and Extracts class.

Includes products such as Salt and Pepper sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Marinades and Spices variety packs.

Brick 10000580: Stock Liquid/Bones (Frozen)

Definition

Includes any products that can be described/observed as a frozen substance, which, upon defrosting, returns to its original consistency of a liquid extract resulting from boiling meat or fish and/or vegetables. The product can be presented as purely a liquid or a combination of liquid and bones. The liquid extract is added to season or give a defined flavour to a particular food or recipe.

Excludes products such as Shelf Stable and Perishable Stock Liquid/Bones; Shelf Stable Extracts; Perishable or Shelf Stable Herbs and Spices; Gravy Browning; Soup Mixes.

If Organic (20000142)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging the descriptive term that is used by the product manufacturer to identify the presence of an industry recognized "organic" certification upon the product labelling or packaging.
