Brick 10004109: Fungicides

Definition

Includes any products that may be described/observed as a chemical agent which destroys fungi or inhibits their growth in the garden.

Includes products such as aromatic fungicides used in the garden.

Excludes products such as insecticides, rodenticides and fertiliser used in the garden.

Is Bulk Packaged (20002924)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product claims to be bulk packaged.

Attribute Values

NO (30002960)

UNIDENTIFIED (30002518)

YES (30002654)

Brick 10003240: Lawn/Garden Chemicals/Treatments Other

Definition

Includes any products that may be described/observed as lawn and garden chemicals / treatments products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified lawn and garden chemicals / treatments products.

Is Bulk Packaged (20002924)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product claims to be bulk packaged.

Attribute Values

NO (30002960)

Brick 10003239:

Lawn/Garden Chemicals/Treatments Variety Packs

Definition

Includes any products that may be described/observed as two or more distinct Plant and Soil products sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the chemicals / treatments class.

Includes products such as weedkiller sold with fertilizer.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as plants sold with plant fertilizer.

Brick 10005360:
Leaf Shine/Plant Cleaner

Definition

Includes any products that may be described/observed as chemicals that enhance the appearance of a plant or flower through adding a more healthy shine to the leaves or stem.

Includes products such as leafshine spray chemicals.

Excludes products such as plant fertiliser or food as well as fungicides and pesticides.

Brick 10006733: Plant Growth Regulators

Definition

Includes any products that may be described/observed as plant growth regulators which are plant hormones (also known as phytohormones) that are chemicals that regulate plant growth.

Is Bulk Packaged (20002924)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product claims to be bulk packaged.

Attribute Values

NO (30002960)

UNIDENTIFIED (30002518)

YES (30002654)

Brick 10003234: Plant/Soil Fertilizer/Food

Definition

Includes any products that may be described/observed as a substance added to soil to increase the productivity of plants and fauna. These products may be designed to nourish particular trees or types of trees. These products may be available in liquid, solid or powder form.

Includes products such as fruit-tree fertilizer, ornamental-tree fertilizer.

Excludes products such as weedkiller.

Formation (20000352)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the state in which the product is sold.

Attribute Values

Brick 10005678:
Lawn/Garden Fencing Accessories

Definition

Includes any products that may be described/observed as accessories, aids, and direct components of lawn and garden fencing.

Includes products such as barbed wire stretchers, wire dispensers or wire caddies.

Excludes products such as gates or barbed wire.

Brick 10003289:

Lawn/Garden Fencing Other

Definition

Includes any products that may be described/observed as Garden Fencing products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Garden Fencing products.

Brick 10003288:

Lawn/Garden Fencing Variety Packs

Definition

Includes any products that may be described/observed as two or more distinct Garden Fencing products sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Garden Fencing class.

Includes products such as fencing sold with non-powered gates.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as trellising sold with prefabricated garden structures.

Brick 10003285:
Razor/Barbed Wire Fencing

Definition

Includes any products that may be described/observed as twisted strands of fence wire with barbs at regular intervals designed to serve security needs. These fences are specifically designed to be used in the garden.

Excludes products such as non-security fences, alarm systems, electric fences.

Type of Razor/Barbed Wire Fencing (20002080)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether the fencing has barbs or razors to increase security.

Bulb Planters

Definition

Includes any products that may be described/observed as a hand-held garden tool consisting of a cylindrical drum and handle, designed to be driven into the earth to the depth required for planting, then removed holding the displaced earth within the drum.

Excludes products such as hand-held spades and trowels as well as seed starters and digging bars, earth augers.

Brick 10003397:
Cultivators/Tillers (Non Powered)

Definition

Includes any products that may be described/observed as a manual garden tool designed to be propelled across the garden to plough, mulch, furrow, and/or cut roots.

Excludes products such as lawn mowers, shredders and digging bars as well as earth augers and hoes, rakes.

Brick 10003846:

Digging Bars

Definition

Includes any products that may be described/observed as a non-powered garden tool manufactured from hardened steel with a point on one end to remove rocks from the soil.

Excludes products such as lawn mowers, shredders, earth augers, rakes, hoes and cultivators.

Brick 10003842:
Earth Augers (Non Powered)

Definition

Includes any products that may be described/observed as a manual garden tool having a rotating helical shaft for boring into the earth.

Excludes products such as lawn mowers, shredders and cultivators as well as hoes and forks.

Brick 10003389:
Edgers (Non Powered)

Definition

Includes any products that may be described/observed as a cultivating tool with a blade mounted onto a long handle used to break up the surface of the ground.

Includes products such as long handle garden edgers.

Excludes products such as spades and forks used in the garden.

Brick 10003391: Forks (Lawn/Garden)

Definition

Includes any products that may be described/observed as a garden tool designed for digging. These products may contain a number of prongs that can be pushed into the earth with the foot and used for lifting or moving debris, or a hand-held tool used for lighter work.

Includes products such as garden fork used for moving earth.

Excludes products such as hoes, trowels and spades used on the garden.

Brick 10003404:
Garden Carts (Non Powered)

Definition

Includes any products that may be described/observed as a non-powered small cart for carrying garden materials, typically having handles and one, two or four wheels.

Includes products such as Garden Hoppers.

Excludes products such as wheelie bins.

If with Seating Arrangement (20002577)

Includes any products that may be described/observed as an agricultural implement with teeth drawn over ploughed land to break clods of earth. *Excludes products such as cultivators.*

Brick 10003388:

Hoes

Definition

Includes any products that may be described/observed as a cultivating tool with a blade mounted onto a long handle used to break up the surface of the ground.

Includes products such as hoes, edgers.

Excludes products such as spades.

Brick 10003393:
Lawn Aerators (Non Powered)

Definition

Includes any products that may be described/observed as a device used to supply air to soil. Typically these products operate by breaking up ground cover with spikes to allow oxygen access.

Excludes products such as rakes, forks.

Brick 10003868:
Lawn Bag Stands/holders

Definition

Includes any products that may be described/observed as a device for holding lawn bags.

Excludes lawn bags.

Brick 10003403:

Lawn Bags

Definition

Includes any products that may be described/observed as a refuse bag specifically designed for lawn and garden products.

Excludes products such as dustbin bags.

Brick 10003377: Lawn Sweeps/Spreaders (Non Powered)

Definition

Includes any products that may be described/observed as a garden tool that collects grass clippings, leaves and other garden debris from the lawn.

Excludes products such as lawn mowers.

Design Type (20000760)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify whether or not the product has a printed design.

Brick 10003865:
Lawn/Garden Hand Tools Other

Definition

Includes any products that may be described/observed as a Lawn and Garden Hand Tool product, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Lawn and Garden Hand Tool products.

Brick 10003864:

Lawn/Garden Hand Tools Replacement Parts/Accessories

Definition

Includes any products that may be described/observed as an item designed to be used in conjunction or as a replacement part for a Lawn and Garden Hand Tool.

Excludes products such as garden hand tools.

Brick 10003866:

Lawn/Garden Hand Tools Variety Packs

Definition

Includes any products that may be described/observed as two or more distinct Lawn and Garden Hand Tools sold together, which exist within the schema belonging to different bricks but to the same class that is two or more products contained within the same pack which cross bricks within the Lawn and Garden Hand Tool class.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as a tool sold with soil.

Brick 10003392:
Lawn/Garden Trowels

Definition

Includes any products that may be described/observed as a small shovel designed for digging or weeding for use in lawn, yard or garden work.

Excludes products such as hoes and forks and Masonry Trowels.

Brick 10003380:

Loppers

Definition

Includes any products that may be described/observed as a set of long-handled pruning shears with a spring that holds the handles open and a single blade that closes against a flat surface

Excludes products such as shears, pruners.

Pattern Type (20001888)

Attribute Definition

Indicates with reference to the product branding, labelling or packaging, the descriptive term that is used to identify the type of pattern

Attribute Values

ANVIL ACTION (30010178) BY-PASS ACTION (30010177) UNCLASSIFIED (30002515) UNIDENTIFIED (30002518)

Brick 10003385:

Mauls

Definition

Includes any products that may be described/observed as a long-handled hammer or mallet used to drive in wedges.

Excludes products such as DIY hammers.

Brick 10003863:

Picks

Definition

Includes any products that may be described/observed as a heavy iron tool, curved and sometimes pointed at both ends, welded by means of a wooden handle inserted in the middle, – used for digging the ground.

Excludes products such as digging bars.

Brick 10003844:
Post Hole Diggers (Non Powered)

Definition

Includes any products that may be described/observed as a manual device, specifically designed for making holes in the ground to hold a fence post.

Excludes powered post hold diggers.

Brick 10003381: Pruners/Secateurs

Definition

Includes any products that may be described/observed as a set of small pruning shears with a spring that holds the handles open and a single blade that closes against a flat surface.

Excludes products such as shears.

If Telescopic (20001890)

Attribute Definition

Indicates with reference to the product branding, labelling or packaging, the descriptive term that is used to identify whether the product is telescopic.

Attribute Values

NO (30002960) UNIDENTIFIED (30002518) YES (30002654)

Type of Pruner/Secateur (20001889)

Attribute Definition

Indicates with reference to the product branding, labelling or packaging, the descriptive term that is used to identify the type of pruners / secateurs

Attribute Values

Brick 10003405: Seed Starters

Definition

Includes any products that may be described/observed as a set of trays held in a wire frame designed to support seed trays or pots.

Excludes products such as plant holders and propagators as well as cloches and cold frames.

Brick 10003384:

Sickles/Scythes/Snaths

Definition

Includes any products that may be described/observed as an edge tool for cutting grass or crops. Typically these products have a curved blade affixed to a handle.

Excludes products such as lawn mowers

Brick 10003396:
Sifters (Lawn/Garden)

Definition

Includes any products that may be described/observed as a manual garden tool for sieving earth.

Excludes products such as household sieves.

Brick 10003395:
Tampers (Non Powered)

Definition

Includes any products that may be described/observed as a manual garden tool for pressing down charge in a drill hole or similar functions.

Excludes products such as earth augers

Brick 10003862:

Wedges

Definition

Includes any products that may be described/observed as a piece of metal, or other hard material, thick at one end, and tapering to a thin edge at the other, used in splitting wood, rocks, etc., in raising heavy bodies, and the like.

Excludes products such as digging bars.

Brick 10005218:
Lawn/Garden Lighting Other

Definition

Includes any products that may be described/observed as lawn/garden lighting products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified lawn/garden lighting items.

Brick 10005217:
Lawn/Garden Lighting Replacement Parts/Accessories

Definition

Includes any products that may be described/observed as replacement parts or accessories for Lawn/Garden Lighting Equipment.

Excludes products such as outdoor lamps, lanterns and other complete lighting equipment.

Brick 10005216: Outdoor Lamps/Torches/Lanterns – Non Powered

Definition

Includes any products that may be described/observed as a non-powered outdoor decorating casing with transparent or translucent sides for holding and protecting a light.

Includes products such as paper lampions and torchieres.

Excludes powered outdoor garden lighting.

Type of Outdoor Lamp/Torch/Lantern – Non Powered (20002573)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of non-powered outdoor lighting item.

Attribute Values

LAMPION (30012974)

Lawn/Garden Pools/Ponds/Water Features Other

Definition

Includes any products that may be described/observed as Pond and Water Features products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Pond and Water Features products.

Brick 10003224:

Lawn/Garden Pools/Ponds/Water Features Variety Packs

Definition

Includes any products that may be described/observed as two or more distinct Ponds and Water Features products sold together, which exist within the schema belonging to different bricks but to the same class that is two or more products contained within the same pack which cross bricks within the Ponds and Water Features class.

Includes products such as a water feature sold with a pond / water feature filter.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Water Features sold with water pumps.

Brick 10003220: Pond/Water Feature Aerators

Definition

Includes any products that may be described/observed as a device intended to supply oxygen to pond water through use of a pump in order to reduce the threat of stagnation.

Includes products such as fountain aerators, diffusion aerators.

Excludes products such as pumps, foggers, and fountains.

Brick 10003218: Pond/Water Feature Foggers

Definition

Includes any products that may be described/observed as an electronic device intended to turn water into mist or fog for atmospheric effect. These devices may also include coloured or flashing lights to add to the effect.

Includes products such as garden pond foggers, indoor water-feature foggers.

Excludes products such as pumps, aerators.

Installation Type (20001353)

Includes any products that may be described/observed as a powered facility for the destruction of weeds by burning.

Excludes products such as incinerators.

Brick 10004110:
Lawn/Garden Soil/Soil Amendments Other

Definition

Includes any products that may be described/observed as lawn and garden soil and soil amendment products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified bricks.

Brick 10003235:

Mulch

Definition

Includes any products that may be described/observed as a material such as straw, sawdust, leaves, plastic film, or loose soil and bark chips that is spread upon the surface of the soil to protect the soil and plant roots from the effects of raindrops, soil crusting, freezing, or evaporation.

Includes products such as organic mulch, geotextiles, landscape fabrics.

Excludes products such as compost, fertilizer.

Brick 10003236:

Topsoil

Definition

Includes any products that may be described/observed as the upper, cultivated layer of soil, which may vary in depth from 8 to 45 cm. It contains organic matter, and a variety of soil organisms, including earthworms.

Includes products such as lawn topsoil, potting topsoil.

Excludes products such as compost, fertilizer.

If Contains Compost (20001822)

Attribute Definition

Indicates with reference to the product branding, labelling or packaging, the descriptive term that is used to identify whether the product includes or does not include compost.

Attribute Values

NO (30002960) UNIDENTIFIED (30002518) YES (30002654)

Lawn/Garden Testing Diagnostic Equipment Other

Definition

Includes any products that may be described/observed as Lawn and Garden Testing Diagnostic Equipment product, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Lawn and Garden Testing Diagnostic Equipment products.

Brick 10003889:

Lawn/Garden Testing Diagnostic Equipment Replacement Parts/Accessories

Definition

Includes any products that may be described/observed as replacement parts or accessories for Lawn and Garden Testing Diagnostic Equipment.

Includes replacement gauges and scales for humidity and moisture testers.

Excludes products such as complete Lawn and Garden Testing Diagnostic Equipment products.

Brick 10003238:
Water/Soil Testing Equipment (Non Powered)

Definition

Includes any products that may be described/observed as a non-powered device, implement or kit designed to measure the soil or lawn, for example for pH or moisture levels.

Includes products such as chemical testers, moisture testers.

Excludes products such as soil / lawn treatments.

Brick 10003237:
Water/Soil Testing Equipment (Powered)

Definition

Includes any products that may be described/observed as a powered device, implement or kit designed to measure the soil or lawn, for example for pH or moisture levels.

Includes products such as chemical testers, battery-operated testers.

Excludes products such as soil and water treatments as well as all non powered testing equipment.

Brick 10003308:
Compost/Vermiculture Bins

Definition

Includes any products that may be described/observed as a refuse receptacle specifically designed for storing compost and/or worms to enhance the breakdown of matter. These products are usually larger, and made of more durable material, than indoor bins.

Excludes products such as wastepaper baskets, kitchen bins.

Brick 10003400: Garden Incinerators

Definition

Includes any products that may be described/observed as a furnace or facility for the destruction of waste by burning.

Excludes products such as fireplaces / chimeneas.

Design (20001899)

Excludes all currently classified Garden Watering products.

Brick 10003273:
Lawn/Garden Watering Equipment Replacement Parts

Definition

Includes any products that may be described/observed as replacement parts for Garden Watering products.

Includes replacement handles for watering cans.

Excludes products such as complete garden watering products.

Brick 10003272:

Lawn/Garden Watering Equipment Variety Packs

Definition

Includes any products that may be described/observed as two or more distinct Garden Watering products sold together, which exist within the schema belonging to different bricks but to the same class that is two or more products contained within the same pack which cross bricks within the Garden Watering class.

Includes products such as hoses sold with hose storage.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as irrigation timers sold with water features.

Brick 10003270:
Sprinklers/Sprayers/Misters (Hand Held)

Definition

Includes any products that may be described/observed as a non-powered mechanical device to be attached to a water supply in order to diffuse the water into a lighter and wider-spreading flow.

Excludes products such as water features, pond foggers.

Brick 10003262:
Sprinklers/Sprayers/Misters (Hose End)

Definition

Includes any products that may be described/observed as an attachment fixed to the end of a hose, specifically designed to enhance the distribution of chemicals or fertilizer.

Excludes products such as hose connectors.

Brick 10003271:
Sprinklers/Sprayers/Misters (Powered)

Definition

Includes any products that may be described/observed as a powered mechanical device to be attached to a water supply in order to diffuse the water into a lighter and wider-spreading flow.

Excludes products such as water features, pond foggers.

Brick 10003267: Watering Cans

Definition

Includes any products that may be described/observed as a container with a handle and a spout with a perforated nozzle; used to sprinkle water over plants.

Includes products such as "traditional" upright cans, plastic cans.

Excludes products such as sprinklers, sprayers.
