

Brick 10004096: Combat Sports Equipment Other

Definition

Includes any products that can be described/observed as Combat Sports Equipment, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Combat Sports Equipment.

Brick 10001809: Combat Sports Equipment Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Combat Sports Equipment products sold together which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Combat Sports Equipment class.

Includes products such as a Martial Arts Weapon and a Punching/Kicking Bag sold together.

Items received free with purchases should be removed from the classification decision-making process.

Excludes products such as Punch Bags sold with Boxing Gloves.

Brick 10004112: Fencing Sports Equipment (Non Powered)

Definition

Includes any products that can be described/observed as non-powered equipment specifically designed for use during the sport of Fencing.

Includes products such as a practice Foil, Epee or Sabre

Excludes products such as powered Fencing Equipment, Martial Arts Sports Equipment, Sports Personal Safety Equipment and Protective Wear classified in Clothing.

Type of Fencing Equipment (Non Powered) (20002059)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of non-powered fencing equipment.

Brick 10006392:
Cycle Anti-theft Device

Definition

Includes any products that can be described/observed as a device to prevent or deter theft such as an alarm or a chain or a cable, that can be locked/unlocked by a code or a key.

Excludes products such as lockers.

Brick 10001813: Cycle Sports Equipment Other

Definition

Includes any products that can be described/observed as Cycle Sports Equipment, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Cycle Sports Equipment and clothing such as Cycling Helmets classified in the Clothing segment.

Brick 10001812: Cycle Sports Equipment Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Cycle Sports Equipment products sold together which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Cycle Sports Equipment class.

Includes products such as a Cycle sold with a replacement Saddle.

Items received free with purchases should be removed from the classification decision-making process.

Excludes products such as a Unicycle sold with Juggling Equipment.

Brick 10001811:

Cycles – Replacement Parts

Definition

Includes any products that can be described/observed as a replacement part for a cycle.

Includes products such as Cycle Saddles, Cycle Peddles and Cycle Lights.

Excludes products such as a complete cycle as well as Cycling Helmets classified in Clothing Sportswear.

Type of Cycle Replacement Part (20001434)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of cycle replacement part.

Brick 10005815: Cycles (Powered)

Definition

Includes any product that can be described/observed as a bicycle with an attached motor used to assist with pedalling. Some can be propelled by the motor alone if the rider chooses not to pedal, while in others the motor will only run if the rider pedals.

Excludes products such as non-powered cycles and scooters.

Brick 10006391:
Scooter (Non Powered)

Definition

Includes any product that can be described/observed as a non powered scooter.

Excludes products such as cycles and powered scooters.

Brick 10005870:

Fishfinders

Definition

Includes any products that can be described/observed as a system that uses active sonar to detect fish and 'the bottom' and displays them on a graphical display device, generally a liquid crystal display (LCD) or cathode ray tube (CRT) screen.

Excludes commercial and naval fathometers.

Brick 10001915: Fishing Bait/Flies

Definition

Includes any products that can be described/observed as a substance or insect specifically used to attract fish.

Includes Artificial Flies, Ground Bait and Maggots.

Excludes products such as Hooks or Floats.

Type of Fishing Bait/Fly (20001511)

Brick 10001838:
Kiting/Parachuting Sports Equipment Other

Definition

Includes any products that can be described/observed as Kiting/Parachuting Sports Equipment, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Kiting/Parachuting Sports Equipment.

Brick 10001837: Kiting/Parachuting Sports Equipment Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Kiting/Parachuting Sports Equipment products sold together which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Kiting/Parachuting Sports Equipment class.

Includes products such as Kites sold with Buggies.

Items received free with purchases should be removed from the classification decision-making process.

Excludes products such as Kites and Kiting Clothing Variety Packs.

Brick 10001832:

Parachutes

Definition

Includes products that can be described/observed as a device that is attached to people or objects to make them fall slowly and safely when they are dropped from an aircraft. It consists of a large piece of thin cloth that opens out in the air to form an umbrella shape.

Excludes products such as Kites and Kiting/Parachuting Replacement Parts/Accessories.

Brick 10001815: Exercise Machines (Non Powered)

Definition

Includes any products that can be described/observed as a non-powered device used to improve fitness and/or cardiovascular strength.

Includes products such as non-powered Treadmills and non-powered Rowing Machines.

Specifically *excludes powered Exercise Machines.*

Excludes products such as Toning Equipment and Free Weights.

If Elliptical Movement (20002906)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify if the item has an elliptical movement.

Attribute Values

NO (30002960) UNIDENTIFIED (30002518) YES (30002654)

Sports Bats/Sticks/Clubs Other

Definition

Includes any products that can be described/observed as a sports bat, stick, club, cue or mallet, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Sports Bats/Sticks/Clubs/Cues/Mallets products.

Brick 10005703:
Pumps (Powered)

Definition

Includes any products that can be described/observed as a powered pump specifically designed to inflate products used in sporting activity.

Excludes products such as non powered pumps.

Brick 10005702:
Pumps (Non Powered)

Definition

Includes any products that can be described/observed as a non powered pump specifically designed to inflate products used in sporting activity.

Includes products such as floor pumps.

Excludes products such as powered pumps.

Brick 10005812: Rangefinders

Definition

Includes any products that can be described/observed as a device for pin-pointing the distance of an object by sending a laser beam out to the object whose range is required and computing the distance. The product is used in hunting and golf.

Excludes products such as binoculars and sports marking equipment and targets.

Brick 10001903:
Sports Equipment Accessories Other

Definition

Includes any products that can be described/observed as Sports Equipment Accessories, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Sports Equipment Accessories, as well as sporting products classified in Clothing, Footwear and Personal Accessories.

Brick 10001902: Sports Equipment Accessories Variety Packs

Definition

Includes any products than can be described/observed as two or more distinct Sports Equipment Accessories sold together, which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Sports Equipment Accessories class.

Includes products such as Golf Enclosures and Golf Score Cards sold together and Cricket Enclosures and Cricket Mats sold together.

Items that are received free with purchases should be removed from the classification decision-making process.

Excludes products such as Goal Posts and Football variety packs.

Brick 10001892: Sports Equipment Bags/Cases/Covers

Definition

Includes any products that can be described/observed as a container or cover specifically designed for carrying and protecting sports equipment.

Includes products such as Golf Bags and Pool Table Covers.

Excludes products such as non-specific Sports Bags and Rucksacks.

Type of Sports Equipment Bag/Case/Cover (20001491)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the type of sports equipment bag, case or cover.

Brick 10001854:

Swimming/Surfing/Diving Sports Equipment Other

Definition

Includes any products that can be described/observed as Water Sports products, where the user of the schema is not able to classify the products in existing bricks within the schema.

Excludes all currently classified Water Sports products.

Brick 10001853:

Swimming/Surfing/Diving Sports Equipment Variety Packs

Definition

Includes any products that can be described/observed as two or more distinct Water Sports products sold together which exist within the schema belonging to different bricks but to the same class, that is two or more products contained within the same pack which cross bricks within the Water Sports class.

Includes products such as Diving Scooters and Diving Consoles/Gauges sold together.

Items received free with purchases should be removed from the classification decision-making process.

Excludes products such as Windsurfing Board and Towel Variety Packs.

Brick 10001863:

Arrows

Definition

Includes any products that can be described/observed as a thin stick with a sharp point at one end and often feathers at the other, which is fired at a target using a bow.

Excludes products such as Darts and Target Sports Equipment Replacement Parts/Accessories.

Fletching Material (20002038)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the material of the arrow fletching.

Attribute Values

BIRD FEATHER (30008751) PLASTIC (30004152) UNCLASSIFIED (30002515) UNIDENTIFIED (30002518)

Shaft Material (20001469)

Attribute Definition

Indicates, with reference to the product branding, labelling or packaging, the descriptive term that is used by the product manufacturer to identify the material of the arrow shaft.
